UNRIVALED FISHING OPPORTUNITY

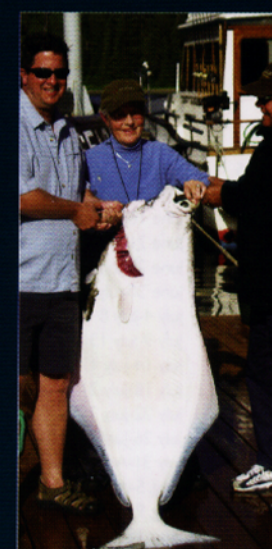

The Sea Ranger moors in the Bay of Pillars, one of the most remote, pristine, and un-fished wilderness areas in Southeast Alaska. You will fish from fully equipped and comfortable 35' sport fishing boats. Our

courteous Captains and Deckhands have the professional knowledge of these waters to expertly meet your fishing needs. You can expect to catch a number of different fish including trophy-sized Halibut, King Salmon, Coho, Sockeye, and Pinks. After trolling for Salmon and Halibut, Alaskan Experiences also offers shore-side fly fishing for many species of salmon and trout.

THE FLOATING LODGE

The 115' Sea Ranger, a converted Navy ship, anchors in the calm and scenic Bay of Pillars where magnificent bald eagles scan the waters and bears roam the beach. After your float plane flight from beautiful Sitka, we personally greet you and help you settle into comfortable double-occupancy staterooms, each with modern shower and washroom. We focus our operation on small groups - eight to ten anglers at most to assure your party a personal touch. The lodge has 24

hour electricity, hot and cold running water, and most conveniences. But leave your cares behind - our remoteness limits phone and internet access.

YOUR DINING INDULGENCE

Our food is excellent and bountiful, with all meals prepared by our on-board Chef. Each day starts with a hearty breakfast before departing. Snacks, sandwiches, and a variety of vegetables are available all day while fishing. When you arrive back at the floating lodge after a full day, indulge in hors' d'oeuvres and ample beverage selection. Then settle in for a full course dinner consisting of fresh seafood, steaks, fruits, vegetable and home baked breads and pastries. Finish the evening with your favorite beverages and conversation. Plan on relaxing in our comfortable salon, use our library, or socialize with other guests to share your experiences.

A UNIQUE ALASKAN EXPERIENCE

The area surrounding the fishing grounds will overwhelm you with its rugged beauty - towering trees, sapphire blue water, snowy mountains, and diverse wildlife. The region abounds in bald eagles, bear, whales of many types, sea lions, sea otters, blue herons, wolves, deer and more. Finally, we are pleased to customize your Alaskan experience. In

addition to our world-class fishing, we offer sight-seeing, whale watching, beach combing, and deep inlet skiff tours - whatever interests you - to make your Alaskan Experience truly memorable!
